○ 1.2 BUSINESS ARISING FROM THOSE MINUTES

- Shirts are under way
- SNTC

- Had a meeting
- Minutes will be released
- 2 general business items to discuss from that meeting.
- Quick shade hasn't happened yet but it will
- New web site is under way – tim W organising – feedback to come
 - Need to get website to a functional stage and then members can give feedback
- X30 gears have arrived via Ewan Burg
 - Has 3 gears
 - \$150 each if anyway wished to buy one.
-

● 2. CORRESPONDENCE IN

- Email from Helen Stanley from ampol approving the use of their logo on our club shirts
- Membership forms from Tony Fiveash, John Laspina, Ewan burg
- Honorable Member form from Paul Buckley
- VSKC Newsletter

3. CORRESPONDENCE OUT

- May meeting minutes
- Bulletin to members about series sponsors
- Bulletin to members about supporting Power Republic video
- June VSKC newsletter

● 4. TREASURER'S REPORT

Roger has full report

All in favour

● 5. GENERAL BUSINESS

- Bremmer Ford approach
 - Move to next meeting
- Honorary member form change
 - Currently an honorary membership costs \$0, this has the potential to allow a competitor from another club to race with the QSC as much as they want throughout the year for \$0.

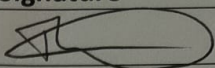

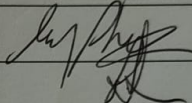

- Proposal was made by Doug to change that, so an interstate competitor can race with the QSC only once throughout the year for \$0. Any race meeting they compete in after that will incur a \$30 fee.
- Brock second that proposal. Voted 9 in favour of change, 5 against.
- Bulletin to go out to competitors about house keeping at race meetings (being presentable for photos/videos)
 - Items to go in bulletin
 - Zip suit up look presentable
 - Club shirt where possible
 - More park ferme photos are wanted
 -
- MA conversation was had regarding licences, MA are keen to have us back running their meetings. Attached is an email conversation with Matthew Anderson from MA about licencing.
- SNTC
 - A proposal has been put forward to change a Stock Honda rule.
 - Currently you are not allowed to re plate a stock honda barrel.
 - Proposal is to change that so you can re plate a barrel.
 - Feedback from QSC is that it should be allowed to re plate cylinders
- SNTC
 - Adelaide superkart club put forward discussion about regulation about tethering onboard cameras
 - QSC agree, they should be Adequately tethered, and a proposal should be made.

Around the room

- Tim W suggest we put a bulletin out about the extra items that are required for racing under “racers” (lakeside)
- Roger to investigate practice days at lakeside
- Andrew is trying to create a video about getting a rotax sprint kart and getting it on a long track
- Andrew raised concerns about overtaking issues between faster and slower classes. Everyone agreed that driving standards should be met and the overtaking kart has the responsibility of making the pass safe. Andrew suggested we put this in to writing. A draft proposal is to be created.
